## Job Search Resources

As you begin searching for healthcare jobs, be sure to have an updated resume, and continue updating it as you gain volunteer, work, and research experience. The Career Center offers resume reviews.

### Search Engines

[Handshake](#): All Creighton students should create a Handshake account through the Career Center.

[Liquid Compass](#): Liquid Compass is a healthcare job search engine that can be accessed through the Career Center's website.

[CareerLink](#): CareerLink is a good tool to use when searching for jobs in the Greater Omaha area.

[Indeed](#): Indeed is a national job posting website.

### Individual Employers

Look at the "Career" section of individual hospital and employer websites to see job openings and qualifications. Some postings may state that training is provided on-the-job.
